ANDROID™ DEVICES

Your ZIPP is a network speaker.
It can stream Internet radio directly or play music
through Spotify Connect when connected to WiFi.

Download the Libratone App to set up your speaker.

ZIPP is DLNA-certified and connects seamlessly
to all other DLNA-compliant devices.

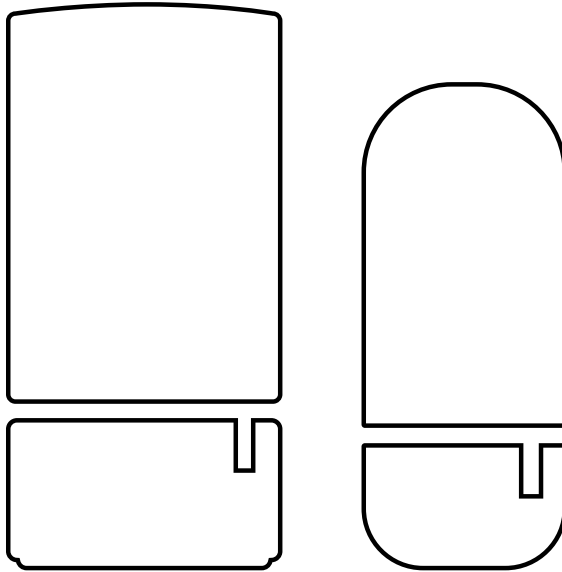

Please refer to your music app for instructions or visit

www.libratone.com/android

You can also pair an Android device to your
ZIPP through Bluetooth.
